## WHALE OF WHEAT

A typical German Hefeweizen, the light ale is made using a combination of wheat and barley malts from Europe. Brewed using only German hops. This summer thirst quencher is served with a traditional slice of lemon.

Dockyard Brewing Co.

## TRUNK ISLAND PALE ALE

Commonly referred to as IPA, this highly hopped brew is packed full of flavor with sharp bitter finish. British soldiers serving in the far flung colony of India would appreciate this ale, which can be enjoyed with a variety of meals.

## 64° WEST

A "West Coast" style ale, this beer has a dark copper color and is brewed with a heavy malt base. This propels the bitterness, hop flavor, and feel of the beer. Easy drinking and full of subtle flavors.

Bermuda Craft Brewing Co.

## WHITECAPS WIT

Our take on the Belgian Wit, this unfiltered style of ale is pale and cloudy in appearance due to the high level of wheat and oats used in the mash. Spiced with coriander and orange peel, the crispness and slight tang come from the wheat and the lively level of carbonation. Sometimes served with a slice of orange, try at first without a garnish if you truly want to enjoy the untainted subtleties of this style.
